Just a few that have bought the little light four Overland in the past ten days.

We are expecting a car load this week. Come and get a demonstration of the little car if you intend buying a car and let it tell its own story. We also have a car load of Chalmers that left the factory on 5th, and are expecting to arrive this week.

## **CHALMERS—OVERLAND WILLYS KNIGHT**

We are now in position to fill your gasoline tank again whenever you need, as we have just installed a new outfit.
